This is a fictional christmas story.
It might not be fully accurate with the Love Live! canon,
but I hope you can enjoy it nevertheless.

Hello! It's Maki speaking.
Thank you so much for picking up this humble fanbook of mine.
It was truly quite adventurous. I spontaneously thought,
"Hey, why not draw a Christmas story? Just do it!" only two weeks earlier.

I'm an idiot, I'm an idiot.

There were some troubles in-between, and in the end, I only
managed to finish this book on the 1st of the new year;
but this is also a very good timing, I guess.
This is also my first full-color comic. There is still lots of space
for improvement, but I'm taking slow steps forward!
I'd be happy if you walked this path together with me,
in future books and in life, too.

I desperately wanted to have the complete First Years trio together,
so I tried to fit Hanayo in wherever possible. I really hope it
doesn't look too forced. (laughs) I love the First Years!

Love Live is Love, Love Live is Life.
(What a tongue twister!!)
